### REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The claimed invention, with the terminal disclaimer now filed and the priority properly claimed, is novel and unobvious over the cited Harambilidis reference. As noted by Applicant in previous response, the structure is chemically different than Harambilidis because the Pr group must be either H<sub>2</sub> or a protecting group. In Harambilidis, there is no contemplation of these elements. For these reasons, the claimed invention is novel and unobvious over the cited prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jeffrey Fredman whose telephone number is (571)272-0742. The examiner can normally be reached on 6:30-4:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Gary Benzion can be reached on (571)272-0782. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
